80 years of building the future of audio

From the world's greatest stages to the quietest listening rooms, Sennheiser has been the name behind audio that doesn't just sound good it feels true. Eight decades in, we're not slowing down we're pushing forward into the future of audio with the same curiosity, craft, and commitment that started it all.

iStudio Singapore

About us

iStudio has been an Apple Premium Reseller since 2007, starting with our first boutique at the Singapore Changi Airport, Terminal 3, Singapore's first and only Apple Premium Reseller to offer tax-free purchases for patrons departing from the Singapore Changi Airport. That's a straight 9% GST off your purchase when you show your boarding pass.

iStudio has expanded since, across many major Shopping Districts and Central Business Districts, with many of its latest stores in key heartlands of Singapore.
